CONCLUSION

- JUSTIN, the first Audience Participation Games With a Purpose (APGWAP) for collecting Ukiyo-e descriptions, to be used in future systems.
- APGWAP can be effective in humanities research
- Non-expert description can be helpful.
- The system provides good gameplay experience.

FUTURE WORK

Comments from the 2nd PX Experiment:

- Support more languages such as Japanese, Thai
- Add functions to the chat bot to make it more interactive.
 - For example, do cheering after players win or create or vote a description to encourage them
- Improve graphics by using Unity to develop the game
- Add auto words correction so when players type wrong word or have typos, the system to automatically correct itself.
